WHY I CARE ABOUT STUDENTS AND SONORA HIGH SCHOOL:
"I really enjoy teenagers! Each one is a unique and special person with something positive to offer. My advice to them: Don't imitate others — be yourself and strive for your own goals — you can accomplish anything and there is always someone who will support you when you make an effort. A school is only as good as the students, staff, and the parents who support it. Together, we can make Sonora high a great school!

WHAT DO YOU LIKE THE MOST ABOUT SONORA HIGH SCHOOL?

The way people treat me as an individual.

Even though there are many social groups, there is a united image and a 'group pride' in Sonora High school that is expressed everytime the whole school gets together.

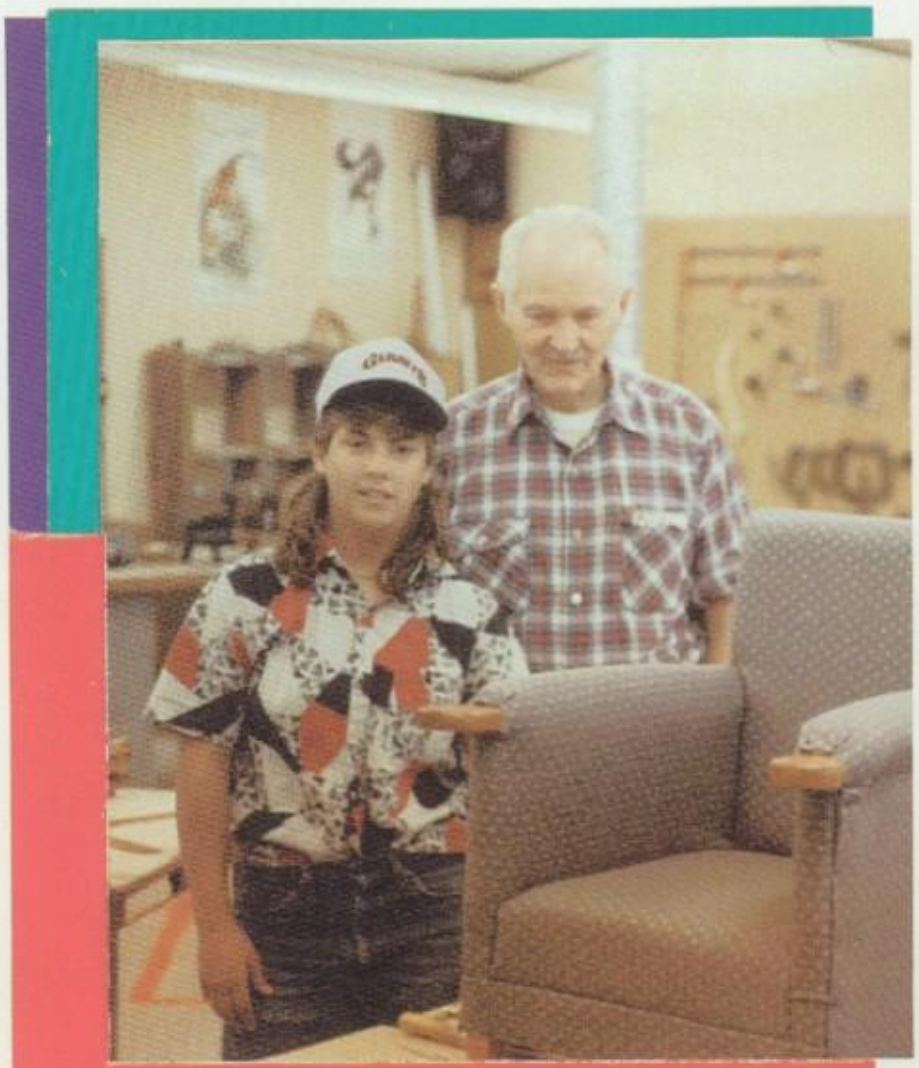
Mr. Lemon cares . . . by showing his great spirit and enthusiasm in teaching . . . and with all of the extra time that he puts in.



Jake Burns with *Tia Martin* has helped many pupils at SHS in Mr. Clyde's and Mr. McKee's class as a Senior Youth Partner.

OK, ASTOUND ME.

ASTOUNDING

ASTOUND ME buttons, T shirts, pens and pencils are symbols of the 1987-1988 ASTOUND ME campaign. The idea for the ASTOUND ME program was established during a "jammin 'rap" said rally commissioner, Marci Bissel.

The campaign was started to stimulate and challenge the people at S.H.S. to excel in different areas of their lives. It is the campaign goal to recognize all those people who have accomplished outstanding achievements in as many areas as possible. Students have been recognized for many diverse areas and activities that they have participated in. *Steve Black* was recognized for his outstanding marxmanship in riflery, ranking 2nd in the nation in his division. *Dino Oliveras* and *Jose Bueno* were awarded for their outstanding athletic abilities. In the academic realm *Mason Waterbury, Jason Snell,* and *Steve Rolle* received their ASTOUNDING T-shirts for ranking in the top 1% on SAT Test scores in the nation!

Students are not the only people who have received ASTOUNDING T-shirts. Many teachers and staff have received recognition for their outstanding services they have given to the Adopt a student program by helping borderline students to graduate or by helping in each class competition for the homecoming float.

The ASTOUND ME program is another caring campaign letting the student body at Sonora High know who cares and what they care about.

HOMECOMING

Homecoming for any school is some what of a serious business, and this year proved no different for Sonora High. As a Freshman, Homecoming can seem intimidating, but for the Seniors it is more of a fun way to prove superiority over the under classmen. Does anyone know the real meaning or reason why homecoming was originated? Ages ago Homecoming wasn't for the Mighty Seniors or the Frightened Freshman, but instead was to honor the homecoming of the alumni back to school.

This year as the four classes competed against each other, something different happened in the attitude of the school. Everyone, from each grade, seemed to join together in the true spirit of Homecoming. The entire school was swept up in spirit, that made this Homecoming to be, I believe, one of the best. The exciting rallies, both night and day, just got us into the motion. The after school participation in the float and window making built up alot of spirit. Finally it came down to the breathless moment of when Jennifer Palhegyi 1986 Homecoming Queen crowned Justeen Hyde as 1987 Homecoming Queen. To put the finishing touches on an already outstanding Homecoming, the Varsity Football Team worked hard and played their best to bring another Homecoming Victory to our memories.

While we as part of the school had a great time with Homecoming, we created a spirit that the whole community, including the alumni, would have been proud to have been apart of.

The yearbook staff looks so enthused as they work very hard on the yearbook!

This year has been a great year! We've had alot of rough times and alot of pressure, but we've never let anyone down. We've had many deadlines, some that have gotten in on time, and some that haven't! Many people don't realize just how much it cost to produce the yearbook. People complain about how much yearbooks cost, but they don't consider how much it costs to make these yearbooks. It cost 28,000 dollars to produce this years GREEN and GOLD. Hopefully everybody enjoys the yearbook and will always remember it was these people who made this yearbook so special!

Mr. Dossi's video class is into it's 4th year at Sonora High. Beginning students are affectionately called Tele-vegetables and his more learned students are called Vidiots. Jason Snell is a Hack-Ameritus however. At the beginning of the year, students film a news show called "Weaknite News-Channel 83 KRAP". They go on to tape their own individual projects, most of which will be televised on the public access channel 8.

Caring Beyond The Classroom

Teen Listening Line

Hanging up the phone with a sigh of contentment is a feeling many of us teen volunteers experience as "listeners" on the TEEN LISTENING LINE.

We volunteer between 8-24 hours a month of our time to listen to our peers, to let them know there is somebody to talk to and who understands because we are teens too.

We have received many types of calls, ranging from how to do a math problem, boyfriend/girlfriend relationships, abuse and contemplated suicides. Our goal is to provide an outlet for our peers and for those who need somebody to listen to them. All you have to do is pick up the phone and call: 533-TEEN.

Fifteen students from all grades take the skills they have learned in class out into the campus. Mr. Larkin and their peer counselors work with students one on one in aiding them with their problems. Peer Counselors talk with students who may not want to share their troubles with adults, but who do want and need to talk to somebody who cares.

The conditions became so bad that by mid-March only fifteen members wanted to brave the ice and rocks and participate on the ski trips. This season was bad enough that the local Ski Resort Dodge closed in the middle of March.

High School is a time for exploration,

The Aviation Club

is doing just that.

Aviation is a career of pastime for those who want more from life than the ordinary. The thirty-five to forty students in Mr. Parsons Aviation class, are getting a taste of what it could be like in the field of flight. This class/club takes a trip to an Air Force Base in the area, compliments of the Air Force. The class studies weather, the science of flight, flight computers, and flight planning just to name a few things out of many. This club isn't just for anyone.

LEFT TO RIGHT: Pam Gorsuch, Erin Koehl, Stephanie Diemal, Sean McHenry, Bethany Levering, Jc ot Lemon, Kerry Allen, Dung Nguyen, Fred Vinson, and Mr. Koehl.

Venture into It:

The Science Zone (Club)

It's not all work for the Sceince club "go ers," there's fun involved too. With the help of *President Pam Gorsuch, Vice Presiden Heather Jones,* and Two jobs in one, *Secre rary, treasurer, Fred Vinson,* they get the job done. With the money they raised by running the concession stand at the foorba games, they were able to take a field trip to Monterey to venture through the aquar iums and tidepools in the area. And alway remember *Mr. Koehl* for always giving us a piece of advice, "This is a short answer test Relax. Good luck."

There is more behind

The Spanish Club

Than just 'o-gram" fundraisers.

Unlike most clubs all the fundraisers that the Spanish Club earn, go for scholarships for two students in Spanish and most often the Spanish club. Their fundraisers include all of the "grams" of each season: Ghost-O-Grams, Santa-Grams, Val-O-Grams, and of course Bunny-Grams. With other money raising events like football concessions and "Pizza Nights" help them go on trips to places like Marriots. So how is all of this kept organized, only with the help of *Advisor Señora Ghiorso* and *President Mariko Nishi.*

ALPHABETICALLY: Kristen Adams, Karen Anderson, Laura Bates, Jennifer Devoll, Joanne Evans, Brooke Gaspar, Michelle Gray, Lisa Gehl, Robin Howard, Lisa Johnson, Heather Jones, Dave Jorgensen, Bethany Levering, Lynette McCrea, Sugar Neil, Sarah Nelson, Mariko Nishi, Donna Poppe, Bill Young.

It isn't just fundraisers for an activity, but the cultural

expansion that is the backbone of

The French and German Club.

The French and German Club is obviously for those who are interested in French and German, but with the help of *Advisor Mr. Singer* and *President Charlotte Walter,* they are trying to make it more than just meetings at lunch. The club went to Octoberfest at Turlock High School, which *Mr. Singer says "promotes a cultural interest in French and German countries."* Some of their fundraisers were concessions at games, a film after a movie, dance, and the selling of carnations. The money raised will help pay for trips like the Octoberfest and one that they are planning in the spring to San Francisco to visit the consulate for the French and German.

"My friends" was the most common answer to question #1 when the yearbook staff took a poll asking students WHO CARES AT SONORA HIGH SCHOOL.

This was not surprising. Friends make life in high school worth it all. Who did you tell all your problems to when you broke up with your boyfriend/girlfriend? Who let you stay the night when you just couldn't go home?

Friends are who make memories worth remembering. It was your best friend you went to all the football and basketball games with. Who did you tell that _____ had the raddest body on campus. (fill in the blanks) Friends know all your most embarrassing moments. They are the one's you get your first detention with for talking in Mr(s). _____ class your freshman year and ditching with your Junior year.

This page is dedicated to everybody's best friend who has suffered this year through the Friday night games, Saturday night cruising experiences, cafeteria lunches and crazy events only the two of you know about.

High school romance- carving _____ -N- _____ in a desk during 1st period class arm in arm with a sweetheart, breaking the affectionate rule. A night at the movies holding hands in the back row; beware of theater attendant's flash-light! Getting grounded for being out until 1:30 when curfew was at 12:30. Planning for that big night on the town, dinner for two, for the Prom Dance, what happens after that maybe a secret that is better left untold.

All this is fun and exciting, but the term 'crush' was chosen for a feeling many teens feel once the relationship is over. At times people change and relationships end. Even though this may seem sad things won't always be so bad, and sooner or later a new romance will begin and that loving feeling will come back again.

Dayna and *Lance* sharing secrets.

Parking

Increasing The Teenage Stress Factor

Is there just no end to the trials of being a teenager? It is one thing for the administration to start school at 8:05 am, but it is another not to have enough parking spaces. In order for us drivers to get a semi-decent parking space we must arrive no later than 7:30 in the morning, and the teachers have the same problem. There are two solutions to this ever increasing problem. Start school a half-an-hour later to give back that time in sleep that we are robbed of everyday or buy more area for parking. The later of the two sounds more logical. Which of the two they will decide on doesn't matter to me, but I just wish they would do it before I graduated.

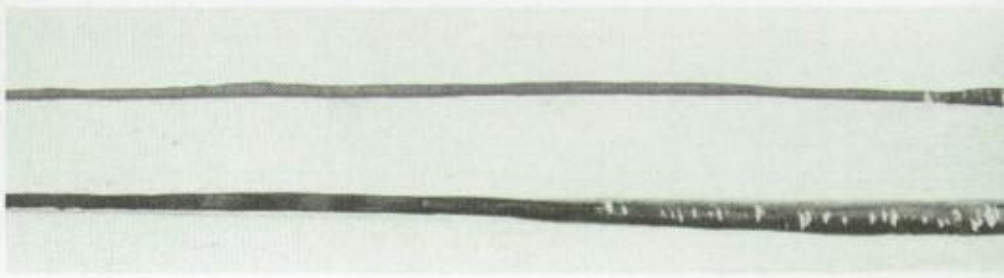
Lets park miles away from school.

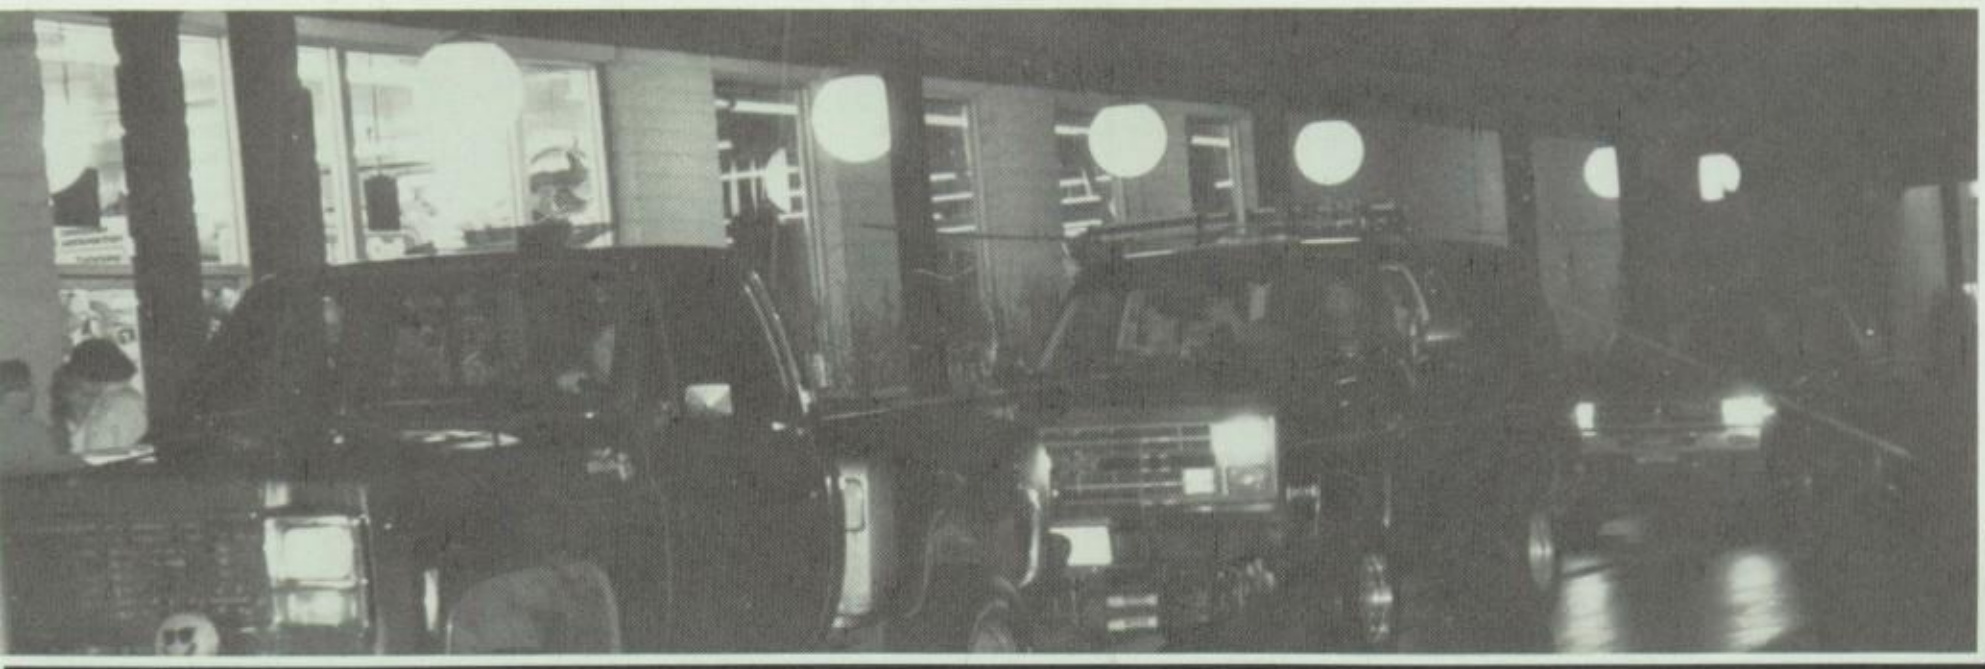
The teachers suffer as well.

Parking downtown anyone?

There is just no end to the way we have to park.

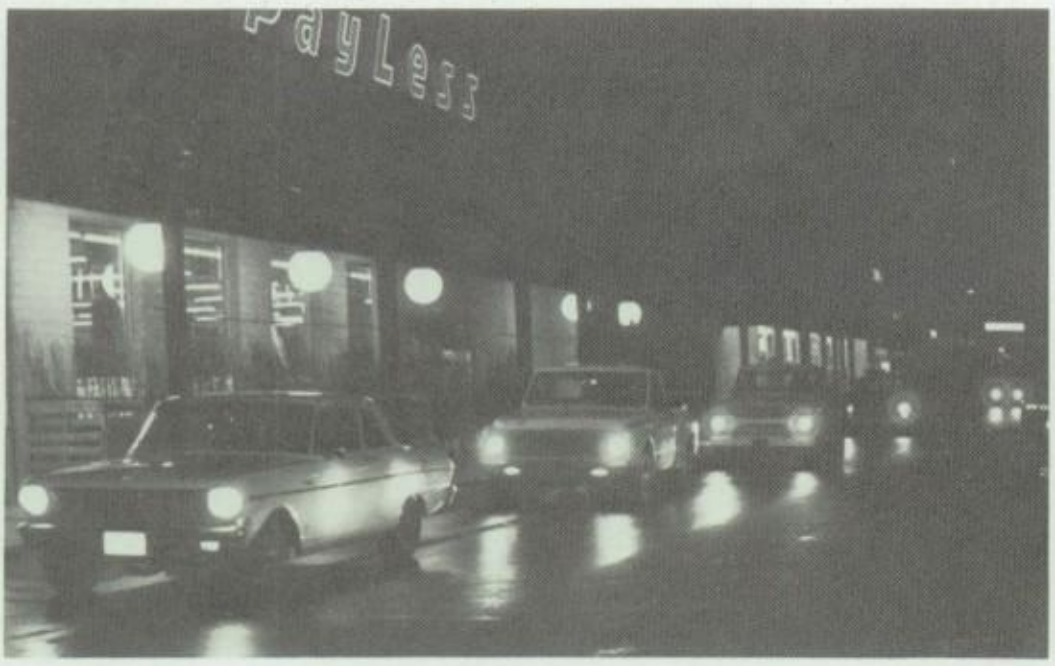


There Is No Substitute For Cruising

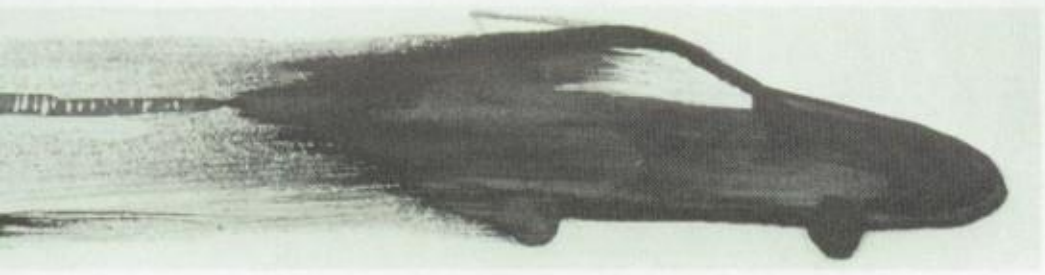


Pam Ratliff heads another line of "cruisers".

The Anti-Cruise Patrol .



Just another Line-up



There is one fact that all of teenagers must face, there is not much for us to do in Tuolumne County. Now don't get upset, I can understand that this can be hard to accept, if it will make you feel any better, it's something that we all have to go through, like puberty. So what do we do? We cruise the Sonora Plaza, oh yes, isn't that exciting! No matter how much one will criticize it, it happens every Friday and Saturday Night, and you will see every clique appear before the night is over. Gee, come to think of it there are still people cruising so interesting? I don't think it is just one answer, and could vary with each person. It could be to see friends or visit in depth to catch up on the latest gossip. Another possibility is should I just come out and say it, find out where the happening parties are. These aren't the only ones, but the two main topics in a circle in the various locations around the parking lot. The last rumor I have heard is that they are some legal happenings in our system, that they are going to outlaw cruising in the Plaza. Well if not there, then cruising will probably move to downtown Sonora. This only proves that there really is no substitute for cruising, and while some will swear against it or not care, there is no stopping the pastime of cruising.

BRAIN BUSTERS

Homework, a problem we all have to deal with. Homework usually takes up at least an hour of our day and more during the weeks before finals.

We go to school seven or more hours per day and homework makes it at least eight, if not more. The other problem with homework is that it takes time out of our busy schedules, and social lives. Why can't teachers just give us a break? But, they won't, so we go on doing homework five to six days a week about an hour a day and we can't do anything about it.

The consequences for not doing homework is a lowered grade or a zero in the gradebook and nobody can benefit from that.

Homework teaches us one lesson about life in the real world: Work never stops, we're going to have homework for the rest of our lives whether we like it or not.

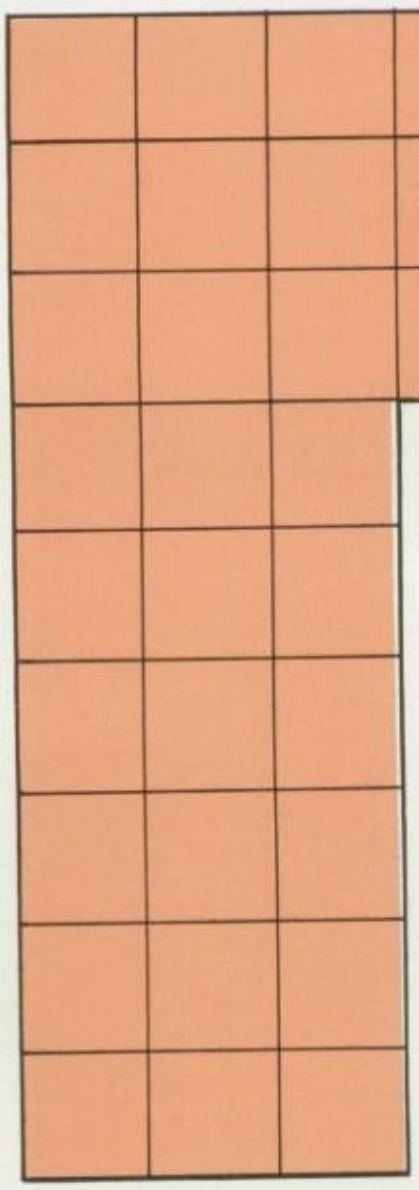
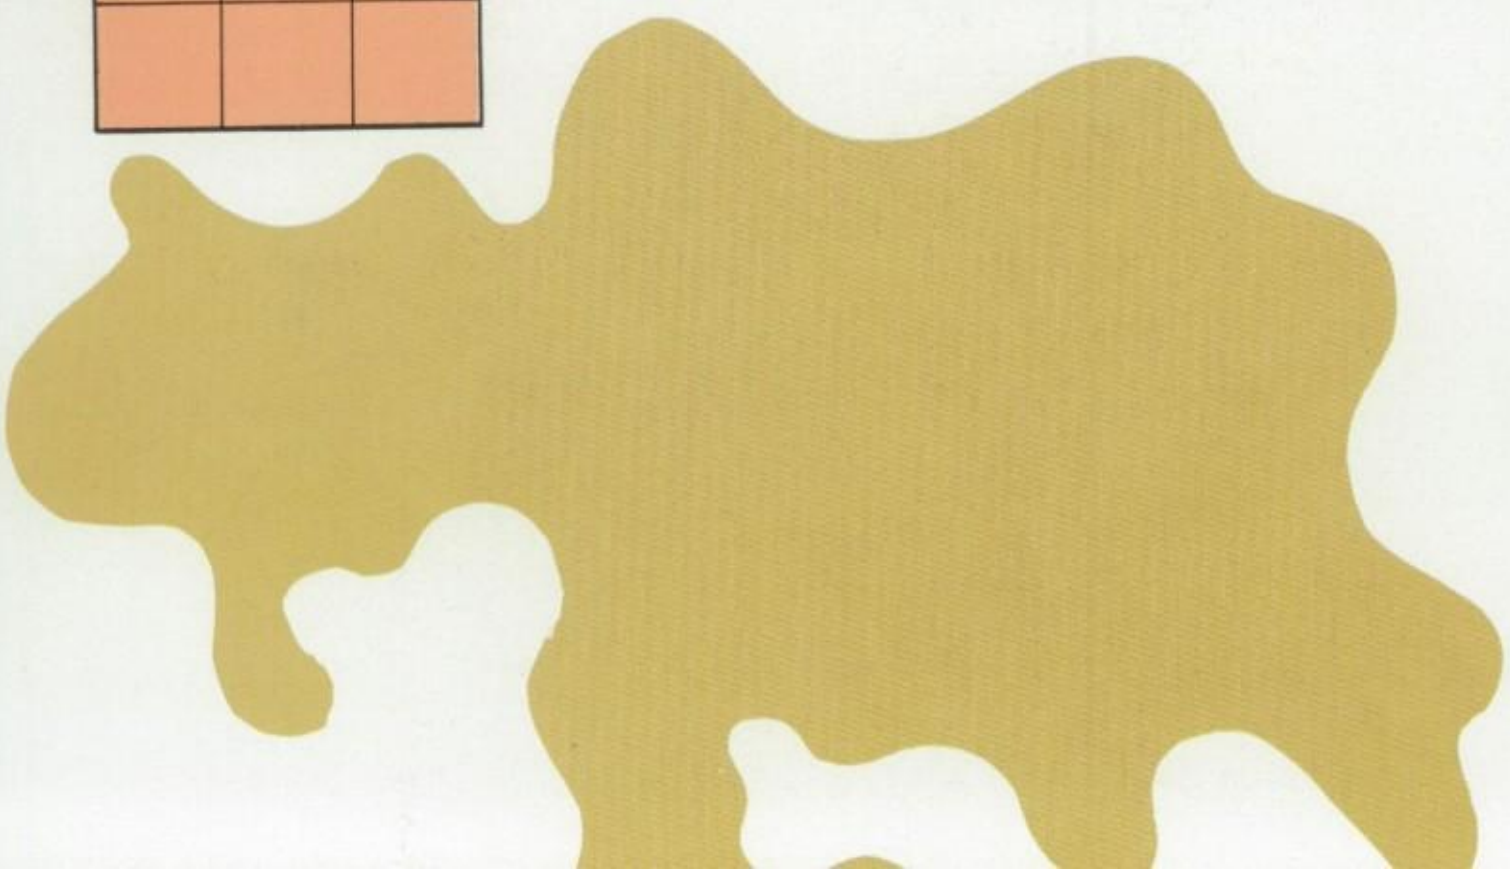
SENIORS





Senioritis

Is this what it comes down to?

Scott Canning: HEY! ANYONE! SOMEBODY got a key! Let me out!

Is There Life After
Senioritis

Senioritis: the only plausible excuse for seniors (of high school) to use when they almost fail their econ. class.

Do you remember the first day of high school, as a freshman? I certainly don't because it seems like eons ago. Do you remember the feeling of the second day of this school year and you felt as if you had already spent too much time on campus? I think we all do. Or the fact that you just don't care anymore about studying for the following days Economics test so you watch reruns of "The Brady Bunch" instead. We all do so don't be shy to admit it. All of these symptoms are caused by something all seniors go through, simply: SENIORITIS.

Unfortunately Senioritis doesn't just stick to the campus alone. The parents have to have their input as well. "Mom" is always complaining that you're never home or at the dinner table anymore. "Dad" wants to know how your studies are going, and what your scores were on the SAT. That is enough to drive even the most scholarly person out of the house.

So what are "we" seniors to do? We are bored with school, and our parents are unconsciously chasing us out of the house. At school we spend our time in "in-house" because of all our uncleared absences (ditching) or from too many times being caught sleeping in our math classes. Sometimes there seems to be just no end to the punishment the school finds the time to deal out to us.

Our next problem comes from the home. As a channel out, we go get jobs (to stay out of the house), but this doesn't solve our problem either. Your boss is somehow convinced that you wouldn't mind working both Friday and Saturday night, three weekends out of each month. Is there just no winning?

So I guess your next question is: what is the cure for Senioritis? (If there is one.) May be Senioritis is like AIDS in the fact that there maybe no cure. But can I make a suggestion? WEEKEND TRIPS OUT OF TOWN with some friends is astounding. Get four or five buddies together and plan a trip to places like Santa Cruz or Tahoe, and enjoy. While this may be only a temporary remedy for Senioritis, just think of all the weekends in a school year. If a weekend retreat cannot be organized just think of your only other alternative for excitement in Tuolumne: cruising the Sonora Plaza that one weekend a month that you have off. OH YEAH!

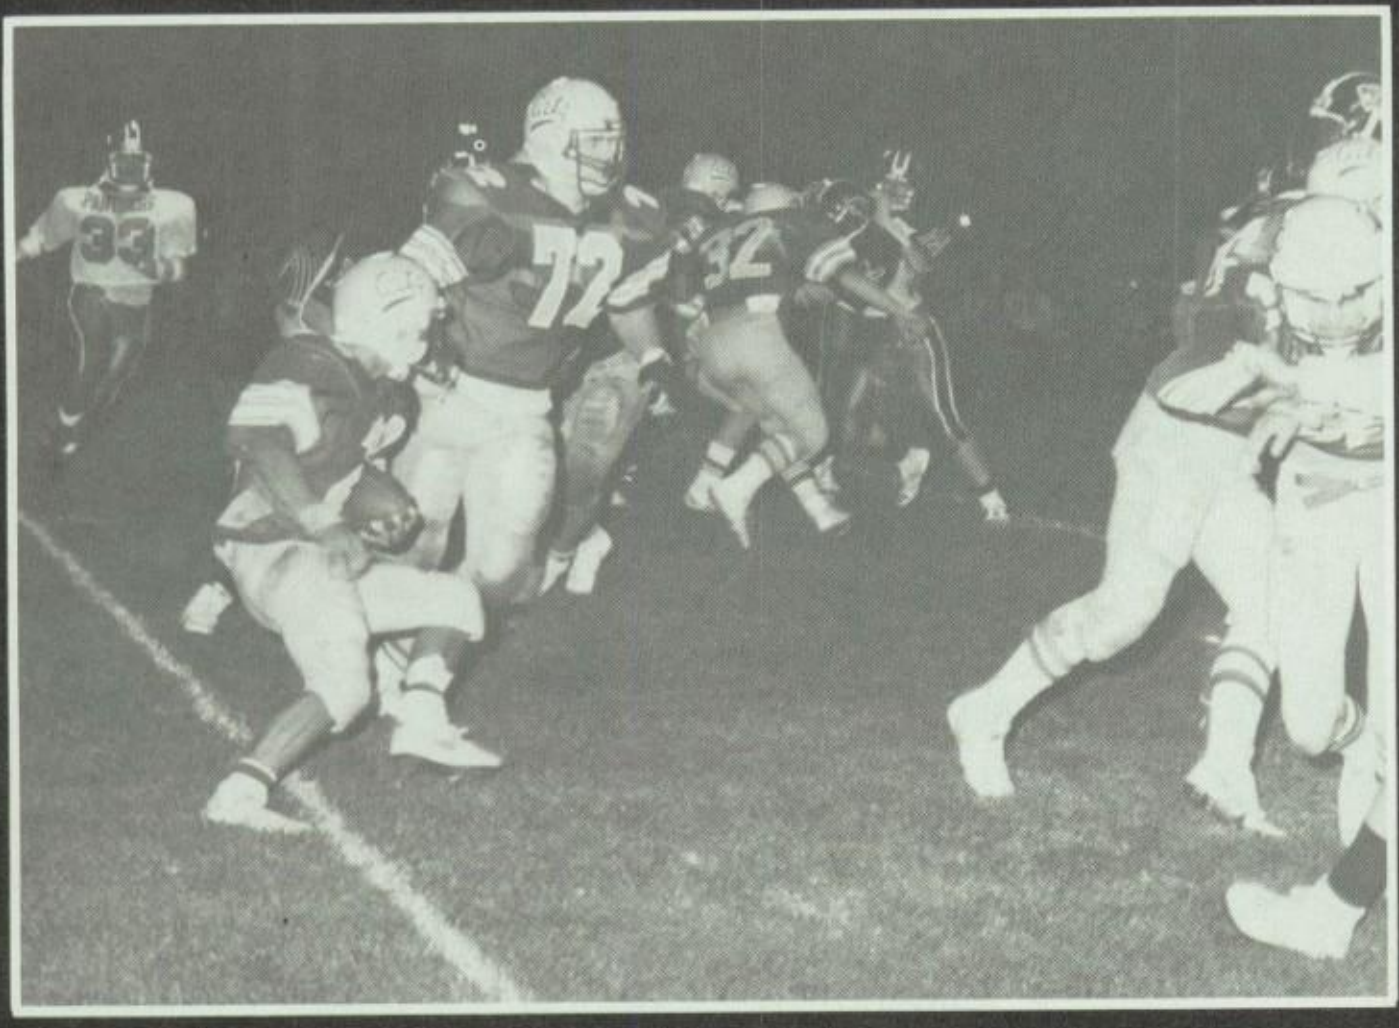
Mighty Wildcats



The 1987 season was truly a historical sea son for the SONORA HIGH FOOTBALL program. The success of the WILDCAT VARSITY FOOTBALL TEAM resulted in several accomplishments never achieved be fore. It was the very first varsity V.O.L. foot ball championship in the schools history; i was the first time a SONORA football team qualified for the C.I.F. section play-offs; it wa the first time the WILDCATS had as many a ten players get selected to the ALL V.O.L FIRST TEAM; the first time a SONORA player was selected as the OUTSTANDING DEFENSIVE PLAYER OF THE YEAR.

The accomplishments of this team were result of outstanding play in all three phase of the game. The special teams, led by captain KURT WALTERS contributed greatly to SONORA's 8-2 V.O.L. record. They were highlighted by JOSE BUENO'S 91 yard kick off return for a touchdown, setting a schoo record, and beating MANTECA in the las few seconds of the title game. Another record setting performance by ERIC LESHINSKY who kicked seven field goals, one of which was a school record 48 yarder.

The SONORA cross country team enjoyed yet another great season under COACH ROEBER. The Varsity Boys, behind ALL-V.O.L. runners DINO OLIVERAS, GALEN GRITZ, and BRIAN BLAKELEY, narrowly missed upsetting perennial power MANTECA. The Wildcats lost 26-29 in one of the most exciting VOL meets in recent memory. The Varsity Girls won their sixth consecutive VOL Championship on their way to 5th place in the Section and 11th place in the State. JV's A Smash!

"This year's JV Volleyball Team finished 2nd in league with an overall record of 18-3. Some of the season's highlights included: placing first in the Bret Harte Tournament, being kidnapped by the Varsity players at one o'clock in the morning and on the last game of the season crushing East Unions undefeated record! I thoroughly enjoyed working with such a determined and caring group of players. The closeness of the team and our volleyball skills grew as the season progressed, which could be seen by everyone."

The 1987-1988 Wildcat Varsity basketball team is off to its best start since Rick Francis has been the head coach. As of the middle of January, the Wildcats have posted a 14-2 record which includes winning the very tough Del Oro and Oakdale Tournaments.

This team is built an total team unity which has produced a very unselfish attitude among its team members. Each game brings excellent scoring balance with tremendous contributions from the bench. The players like each other, and this friendship is a key factor in the success the Wildcats are having.

The starting lineup is John Fuller (co-captain, M.V.P. at Del-Oro), Jason Giove (co-captain, all tourney at Del Oro and Oakdale), Mike Hajduk (all tourney at Del Oro and Oakdale), Brian Sells and John Hess. Varsity Girls

The 1987-88 edition of the Sonora High Girls' Varsity Basketball has posted an impressive 14 and 3 win-loss record through the first half of their season.

Led by returning League M.V.P. and All Nor-Cal; Nicole Taylor, the Wildcats began the season with wins over Modesto and St. Mary's prior to hosting the 14th annual Kiwanis Invitational. Sonora was a perfect 6 and 0 in route to capturing their third consecutive Kiwanis championship. After sandwiching in wins over Summerville and Turlock, and a loss to Bret Hart, Sonora returned to tournament play in Gridley where they suffered their second defeat of the season in the championship game to Lindhurst. After a first of the year loss to Atwater the wildcat ladies responded with two league wins over Ceres and Livingston. Sonora has hopes of capturing their third consecutive V.O.L. championship in 1988.

Our leading scorers are Kristin Allen, Tina Cruz, Kathleen Yurchak, and Connie Chaney. We are getting great rebounding from freshman Erin Breeze. Our defense is lead by Kristina Martin, Shauna Page, and Amy Daoust. Our depth is very important to our success, and our team is rounded out by Yvonne Coleman, and Suzanne Perlee.

This has been the most publicized year for our Soccer team. And although they aren't doing as well as they'd like to, they sure are having fun. They are coached by Tewolde Berhane who also coached the team last year. The team includes three of our exchange students, and one girl.

The freshman team is working hard for their first win. Help in the field comes from Steve Switzer and Todd Wright. With practices improving the skills in fielding, throwing and hitting are improving day by day. Top hitters are Justin Reedy, Mel Penrose, and Kevin Hoover, The little, "not in size", But experience, Wildcats will scratch the opponents as their seasons progresses.

Hit, Catch, Throw, Your Out

A line drive by Kristin Allen.

Being a few of the seniors last year to be on the Wildcat softball team, they want to make it the best year it can be. They're looking forward to making it to VOL championship. Just to name a few top players are Kerrie Allen, Roxanne Livingston, Nicole Taylor, Kristin Allen, Tracee Marquez, DeAnna Walton, and Marcie Capehart. But we all care about all of them and without all the excellent players they wouldn't be where they are today.

We can't forget the help of their coach, Kevin Day. His great coaching has done a lot for this team.

Kerrie Allen was asked if she thinks they'll make it all the way, "I think we can do it, but it'll be rough."

She thinks *they* can, but we *know* they can!

Kristen snags the ball.

This year's JV team has two returning players — Yvonne Coleman and Connie Chaney. The rest of the team consists of freshmen. Our pitcher is Celeste Mallory and our excellent first base "woman" is Sunshine Rattifield. Celeste Mallory, Sunshine Rattifield, and our catcher Misty Graham are our finest hitters. We have an all around great team this year; hopefully our season lives up to our expectations.

Through the years skateboarding has been through many different phases. In the beginning skate boards were minature copies of surf boards, that surfers occupied during their free time in the winter. Then "sidewalk surfing", as it was called in the 60's, started on as a free time activity that every aged person could do. The manufacturers caught on to the craze and produced skateboards in many different materials like plastic, wood, and metal. The ultimate material seems to be wood. As the boards evolved so did the expertise of the skaters. From simple skating up and down the sidewalk, to ramps, pools, and organized competitions. But the common aspect of this is that there are no public places to skate without getting in someones way. But recently in Sonora the city council held a public meeting to address this problem. The meeting was attended by many local skaters and the people that support skateboarding, like parents, shop owners, and concerned citizens. The outcome of the meeting was that the council members promised to find acceptable places for the skaters to skate, and the skaters promised to skate responsibly.

Dear Nancy, Donna, Renee, Maria, & Katie-

Well, my friends exactly where do I start? These words I say come from the bottom of my heart. You'll be my friends through thick and thin. I'll always be true to you. My heart's always right with you.

High school has definately been the best, I'll never forget it. Like when we went to the mall and sprayed the fart spray and remember it was snowing, INSIDE!! And in the plaza, "Psch!!", having water fights with Dave. At work, having sauce and anchovy fights. And of course Cosmo! Like our shaving cream and water fights, our mohawks. And of course my finger-waved hair with my stickers all over me!! What about our dinner at Kelly's Kitchen?!

Nanc- hope you have good car insurance, and "Passing Lanes!!"

Madonna- how about when we went to T.H.I. and P & K walked in!!

Nae Nae- let's rewind "Oh Baby!" once more! And let's take a BK run!

Meea Peea- where do you want to go?!

Katie Waity- "Ow Babies!!"

And to: Liz, Kym, Tessa, Chaba, Kathy, Cynde, Eddy, LB, Dana, Wendy and to all my other great friends, thank you all for your love and support.

I'll be the one to love you all 'til the end of time.

CONGRATULATIONS!!!

Love Always,
Tam

Dear Allison and Aeryn . . .

I want to thank you both for being such GREAT friends to me during my exchange-year. It's going to be hard to leave after all the fun times we had. Don't ever try to forget me!! I also want to thank Coo, Jim and Stacey (my host family), April, Lidia, Trisha, Josh, Steve, Aaron and Jimmy for making this year the best year of my life.
I LOVE YOU ALL!!!!!

Every mother wants a daughter.
I am so thankful to have you.
Senior year is a time to look back for you.
But mothers look back too.
Remember living in Southern California—probably not.
Remember you and John rolling down the hill in our car and hitting a power pole—
Vaguely.
Remember all your birthday parties especially your Miss Piggy cake—yes, yes.
Remember girl scouts, Sunday school, your U.S. History trip.
Remember falling off the falls.
Remember having your first car accident.
Remember all our good times shopping.
Remember and never forget for those are part of your childhood.
Remember to carry confidence and my love in whatever you do with your future
And most of all remember how much your mother loves you and always will.

Lor, Ang, Ren.

The four of us have been through some great times. You are the best friends anyone could have. I'll really miss you guys, except for Lori, we'll be together paying those bills. But nothing will ever separate our strong and understanding friendship. Remember Ang, never be where we were past eleven sung those spotlights. Lor, well always know where we are, that great night in your car. Cari & Kristen should remember that also, and remember always take a squirrel on those long party drives. You were always there on those double dates and thank goodness they were trucks. I don't think I could have made it through this crazy senior year without you guys. Good luck to Dayna, Gina, Cari & Kristen. Also to Mrs. Ogaltru - I love you too!

Sahara,

BEEP BEEP Hi! What can I say, we've both come a long way from 6th period Hon. Eng. All the way from "Tragic Surf" to "The Big Chill". I'll never forgive you for sentencing me to a year and a half to a life of torcher in the Dungeon. Remember Homecoming our Junior year or Christmas Break when you made me run your paper in 3 min. We can't forget Mr. G or Mr. P.

This past year was definately the most interesting. I can't believe how many fights we survived, 3rd period will never forgive us. D'neener, Robin, and Sar, I want to thank you for being that Extra, which kept our friendship alive. I wish you all the Luck wherever you go. Welcome home Kath.

TSD, you were and will always be there, the Big Guy upstairs gave us our friendship forever. Can you believe the circumstances that all began when you mentioned Fountain Co. that was the Foundation for us to grow. I guess we need to thank the Big Guy upstairs for that one too. Good Luck with Mr. B. once again give it all to J.C.

I can't wait for that jet ride to Denver. Good Luck Sweetie.

Love Always & God Bless,
Taxi Cab

Hopester- Good luck KIDDO I'll miss our late night talks call me at UCD if you need to talk. And yes you will always be my baby sis.
Mr. Sullivan- Good luck Buddy. Have fun in Ariz. I'll miss our LBA. I love ya.
Leo- My little bud, the best little big brother ever, I love you too!

To: My friends

You all are the best anyone could ask for. Without you, these years would be meaningless! We have made lasting memories. I love you all.

Daneen

I couldn't ask for a better brother. Good luck to your future. I love you-

Daneen

To All Those Who Are Always There For Me,

We've all been through so much, and we've all grown into mature young ladies because of it. I hope in the years to come we can still be as close as we are now.

Angie, Spud, and Company:

Let's keep the Sonora High Girls Basketball an on and going tradition! I'll miss you all!!!

Here's to our future.

Love
Robin

Dear Friends,

Thank you, happier High School years no girl ever had. I am not good at speeches. I just want to tell you what's here in my heart, it would take more than laughter and smiles to form school memories that time can't erase.

I'll always remember the sight of you all being there, just having you all there was proof how much you care.

Love
"Kathy"

I can hardly believe it is our senior year, yeah BUDDY. But I must thank Taxi Cab, Neeners, and Cabin # 10 WALL-SLAMMER Robin, and of course Kathy who came back to us from Kansas, but left Toto at home. You are all very important and special to me, thanx for putting up with my temprement and grouchiness especially with yearbook. We all have good solid heads on our shoulders, and I know that that will separate us, but I pray to God that our high school memories will forever have its ties to bind our hearts. Dawn: watcha whatin' for, go get Davis (and CAB)? Robin: You'll forever keep me just barely in stitches. Kathy: Why aincha modeling? And Daneen your the level-head sweetie-kins that got us together and kept us that way. Hey, Sara, have you excepted the fact yet that I got you down to STINT! To Pam, my new friend, I wish you stars filled with wonderful stories. Kristen, Janet, and Dawn B., your all my favorite BIMBOS; remember your sweet but I'm _____. Thanx you all for so much. One more thing Sheek Sullivan and Shaw Ratzlaff, your the dearest HS brothers anyone could ask for.

With Love, Smiles, & Tears,
Shawna AKA: Sahara Desert

P.S. Did anyone see those Dinosaurs?

Sometimes Around Christmas in 1987 *"Dawn & Kristen"* went to Thriftys to tell *Santa* just what they better get for Christmas.

Dawn, (Dissidins)

Watch the RED stop lights, not the guys! Nine years is a long time, and I know we'll walk into our 50 year class reunion together. We've had our share of bad times, but so many more good ones and lot more to come. If everybody in the world had a friend like you, there wouldn't we war. I'm glad we made it out of the stinkweed, even with the spot light on us. We have our ways don't we? Thanks for falling with me in T.H. It doesn't matter how you say it, at least PRAWNS are better than sliced arteries. I wish I could write all the memories, but it would take 3,285 pages. We finally made it, now we can start a new life at the beach away from the plaza. Yabbott and Costello. Moe the lawn, riich, bet you, athert, I wanna' seeya, I have to belch. Thanks. Bye. Never forget. TURN IN SUEZ CANAL!!!

I Love Ya, Foghorn,

A young lassie

Krisseekin,

You grey haired french fry fan. Here kitty kitty. You just never learn, do you? But I guess together we can pretend to learn.

Twain Harte brought exciting memories. You make me fall because you didn't want to fall alone. Logs across the river. That was fun camping, you no clutch.

Rich, Bet ē you. Athert, suck in cheek. Remember at Knotts when you were picked to be the magical star?! Funny stuff.

Oh God he is beautiful!! I have about 888,880 other things too, but well I just don't have the room.
